SPACE**

APPROACH

TO CREATE A NEW RESOURCE CENTRE THAT.....

... CAN BECOME PART OF THE LOCAL COMMUNITY

... IS SUSTAINABLE

... IS INTEGRATED INTO THE LANDSCAPE

... WILL FOCUS ON THE WELL-BEING OF SERVICE USERS AND STAFF

... IS THERAPEUTIC, NOT INSTITUTIONAL

... MAXIMIZE INDEPENDENCE AND MINIMISE ISOLATION

... PROVIDES FLEXIBLE AND EFFICIENT USE OF SPACE

... IS DESIGNED FOR DIGNITY

... ENHANCE ORIENTATION AND WAY-FINDING

CO-PRODUCTION

&

DIALOGUE

Nature, environment and sustainability

In opening up a new green space for the community, the Trust is aiming to create a diverse environment with a variety of plants and areas within the park to promote biodiversity and support wildlife.

- It is our intention to create an exciting, natural environment within the park to provide a diverse environment for biodiversity.
- The introduction of a variety of plants and trees within the park will provide a natural habitat for a wide range of wildlife.
- The introduction of a variety of plants and trees will also provide a natural habitat for a wide range of wildlife.

Feedback from the public consultation will be used to inform the design of the park and to ensure that the park meets the needs of the community.

Play space

The new Springfield Park will provide a play space for the community, including play space for children and adults of all ages.

The play space will be designed to be inclusive and accessible for all children and adults of all ages. It will include a variety of play equipment, including climbing frames, slides, and swings.

The play space will also include a variety of seating areas, including benches and picnic tables. It will also include a variety of other facilities, including a cafe and a shop.

Management

The public consultation has identified a number of key issues for the management of the park, including the need for a dedicated management team.

The management team will be responsible for the day-to-day management of the park, including the maintenance of the play space, the management of the trees and plants, and the management of the other facilities.

The management team will also be responsible for the development of a management plan for the park, which will set out the objectives and priorities for the park's management.

Next steps

The public consultation will continue until the end of the month. We will be holding a series of public meetings to discuss the feedback and to answer any questions.

We will also be holding a series of public meetings to discuss the feedback and to answer any questions. We will be holding these meetings in a variety of locations, including the park, the library, and the community centre.

We will be holding these meetings in a variety of locations, including the park, the library, and the community centre. We will be holding these meetings in a variety of locations, including the park, the library, and the community centre.
